## SPORTS

### Ski team's overall numbers are up

This year's Grayling High School ski team – a group that has a larger roster than in recent seasons – has a mix of experienced competitors and skiers new to the sport.

The squad has 17 members in 2010 – 10 boys and seven girls.

"That's up from the past four to five years," Coach Tim Gariglio said.

The Vikings were able to get some practice time on the slopes before winter break, during break, and this week. Team members have also been training at Schuss Mountain on Sundays, Coach Gariglio said.

"They're all skiing pretty good," he said. "Ability wise, we have a mix of very good skiers and beginners. It will be nice to have those numbers this year." 7A

## OPINIONS

### 'If it ain't broke, don't fix it'

To the editor:

The light at Michigan and Maple was installed to handle traffic during re-construction of the business loop. It wasn't there before that when our population, both residential and commercial, was larger. Why do we all of a sudden need it now? More city expense, more driver irritation. As they say "If it ain't broke, don't fix it." 4A

### County seeks input on noise ordinance

Feedback sought from city, townships; public hearing set for March

by Dan Sanderson

Staff Writer

Crawford County officials want to hear from other municipal leaders and citizens before moving forward with a county noise ordinance.

The county board, at its monthly law enforcement committee meeting on Monday, voted to send a proposed county noise ordinance to the Grayling City Council and six township boards in the county for their input. Feedback from the municipalities is encouraged to be sent in by Friday, Feb. 26. Then, a public hearing will be held at the county board's Wednesday, March 17 meeting to allow citizens to voice their opinions on the ordinance.

Crawford County Administrator Paul Compo said the noise ordinance became an issue when a sheriff's deputy was in former Crawford County Prosecutor John Huss' office and stated that a noise ordinance on the books gave officers no latitude for enforcement. The ordinance was later rescinded, Compo said.

Over the last year, Crawford County Assistant Prosecutor Don Sommerfeld has been working with Crawford County Sheriff Kirk Wakefield to develop an ordinance that had more teeth to crack down on noise complaints.

Wakefield said that 99 percent of the complaints are from loud parties and radios during early morning hours.

"It's simple," Wakefield said. "I'm tired of going to all these complaints and you can't do a thing about it."

Under the ordinance, a noise disturbance means any sound that endangers or injures

## Crawford County seniors ready to roll with regional Wii bowling league

by Dan Sanderson

Staff Writer

Crawford County senior citizens have Nintendo Wii bowling skills and will travel.

Seniors throughout northern Michigan have thrown down the proverbial gauntlet, challenging each other to Nintendo Wii bowling competitions between senior center teams.

Seniors at the Grayling Senior Center began to play Nintendo Wii bowling in the spring of 2008, when Grayling Middle School students involved with the Crawford County Michigan State University Extension's Teen Connections program introduced them to virtual bowling. The Crawford County Michigan State University Extension owned the Wii machine.

After crossing generational lines between seniors and the teens, the seniors are now ready to cross county lines to take on teams from other senior centers in the region.

The seniors started playing Wii bowling again this past fall, when a senior who regularly takes part in the center's pool league donated a machine to the Grayling Senior Center.

"They liked it so much doing it with the kids," said Carrie Crigier, activities and volunteer coordinator for the Crawford County Commission on Aging, who

has been with the agency since May.

Crigier acknowledged that she is not very good at Wii bowling, so she just unlocks the cabinet where the machine is kept and lets the seniors roll. About 10 seniors regularly take park in Wii bowling competition.

"I don't know anything about that machine," she said. "I can turn it on and put the batteries in and they know how to do everything else."

Seniors from the Cheboygan Senior Center are scheduled to be the first team the Grayling Senior Center Team will face this week, after everyone got through their holiday festivities and family gatherings.

The Alpena Senior Center, Oscoda Senior Center and Roscommon Senior Center have also expressed interest in forming a traveling Nintendo Wii bowling league.

"It will be nice to compete," Crigier said. "They go all around and have tournaments with all the other centers. It seems to be the new thing with the seniors and how they're exercising."

Crigier said that seniors, such as Barb and Dean McCray volunteered to bring their Nintendo Wii from home so that visiting senior centers won't have to bring their machines and multiple games can be

## GHS juniors collect items for Baby Closet

The Grayling High School (GHS) junior class recently collected more than 20 boxes of clothing, diapers, wipes and bath items for the Crawford County Baby Closet. During the holiday season, the four classes at GHS competed to see which class could collect the most items for their chosen charity organizations, with the true winners being the organizations they supported. The freshman class collected items for the Crawford County Community Christian Help Center, the sophomores collected for Toys for Tots and the seniors collected items and raised money for breast cancer patients. Pictured with their Baby Closet donation from left to right are junior Student Senate members Sara Trudgeon, Ethan Lewis, Melissa Kocenas, Ashley Jensen, Amber Swanson, Matt Dunckel and Joey VanNuck.

In December, the Grayling community came together at the Ole Barn to raise funds in support of Operation Homefront, an agency which provides emergency and morale support to our troops and their families.

The evening kicked off with a buffet dinner provided

by Dan Helmes, the manager of the Ole Barn and an Iraqi Freedom veteran. Several live bands from the local area donated their time to provide the evening's entertainment. The evening concluded with a live auction of items donated by local businesses and other well known celebrities such as Kid Rock and golfer John Daly. The auctioneers, Pat "Pops" and Pam Modos volunteered their time and also donated many of the items for the event.

"I am so grateful to Dan and everyone in the Grayling community for their support of such a worthy cause. Dan and the Ole Barn went above and beyond my expectations in support of Operation Homefront," Holmden said.

According to Holmden, the current state of the economy has caused a severe decrease in support of non-profit organizations while the demand for support has doubled over the past year.

Operation Homefront of Michigan is a non-profit organization with the mission of providing emergency financial and morale support to our troops, the families they leave behind, and to the wounded warriors when they return.

Any military family needing more information about Operation Homefront or anyone interested in making a donation can go to [www.operationhomefront.com](http://www.operationhomefront.com).

## County Board seeks input on proposed noise ordinance

Continued from 1A

the safety or health of humans or animals, annoys or disturbs a reasonable person or normal sensitivities or endangers or injures personal or real property. Noise means any sound which annoys or disturbs humans or which causes or tends to cause an adverse psychological or physiological effect on humans.

The ordinance would prevent use of sound production or reproduction systems such as a television, radio, musical instrument and devices for producing, reproducing or amplifying in such a manner as to create a noise disturbance louder than is necessary for the convenient hearing for the persons who are in a room, a vehicle or place where an instrument, machine or device is being operated for voluntarily listeners. The ordinance would prohibit such activity between 11 p.m. to 7 a.m. when the sound is audible at a distance of 50 feet from the building, structure or vehicle or other place in which it is located.

The noise ordinance would preclude places of public entertainment from operating or permitting the operation or playing any radio, television, phonograph, drum, musical instrument, sound amplifier or similar devices which produces, reproduces, or ampli-

fies sound in any place of public entertainment so it produces a maximum sound level of 55 dba on a residential real property boundary.

The ordinance would also prevent operating or permitting the operation of any tools or equipment used in construction, drilling, or demolition, between 8 p.m. and 7 a.m. on weekdays or on weekend and holidays that cause a noise disturbance across a residential property boundary or noise sensitive zone.

The ordinance would prevent operating or permitting the operation of any tools or equipment used in construction, drilling, or demolition, between 8 p.m. and 7 a.m. on weekdays or on weekend and holidays that cause a noise disturbance across a residential property boundary or noise sensitive zone except for emergency work for public utilities or under a temporary special permit issued through the ordinance.

Finally, the ordinance would prevent repairing, rebuilding, modify or testing any motor vehicle, motorcycle of motorboat in such a manner as to cause a noise disturbance across a residential property boundary or noise sensitive zone.

A noise sensitive zone means any area where a school, hospital, house of worship, day care center, nursing home, public library, senior citizen center,

residence or court is located. County Commissioner Mike Lange questioned a provision in the ordinance that said that loading, unloading, opening, closing or handling of boxes, crates, containers, building materials or similar objects between 10 p.m. and 7 a.m. in a manner which causes a noise disturbance across a residential property boundary or noise sensitive zone.

Lange's family operates Lange Vending, which has a distribution warehouse on North Down River Road. He questioned if warning lights activated when delivery trucks are backing up would violate the ordinance.

Wakefield noted that businesses in that area have never resulted in noise complaints from nearby residents. In addition, safety signals, warning devices, fire alarms, used in case of an emergency or danger when tested, and signals used by police, fire or emergency vehicles when responding to a call of acting in time of an emergency, are exceptions covered in the noise ordinance.

Wakefield added that noise created by business and industry could be addressed by zoning and planning by local officials.

"There's not going to be subdivision popping up next to Weyerhaeuser," Wakefield said.

Dave Stephenson, chair-

man of the Crawford County Board of Commissioners, said noise was one issue that Crawford County and South Branch Township planners tried to address while dealing with SMR Inc, an auto recycler located off of M-18 that would load crushed cars on semis during late evening hours.

"They pushed that time limit pretty hard," Stephenson said.

Violation of this ordinance is punishable by a fine of no more than \$500 or imprisonment of not more than 90 days.

Temporary permits for events that may violate the noise ordinance would be available through the county board. The board, however, could place any conditions, limitations or requires minimizing adverse effects upon the community, persons within the community or the surrounding neighborhood.

Noise resulting from a county sponsored cultural, ethnic or community activity open to the public would also be exempt from ordinance enforcement.

Wakefield said he was pleased to start the process to get the noise ordinance approved.

"We can refine this and that's the way it should be," Wakefield said. "I don't want to jump into this, but I want a work in progress."

played at one time.

Seniors at the Grayling Senior Center play Nintendo Wii bowling from 1 p.m. to 3 p.m. every Wednesday. Crigier said that seniors are hoping to bolster the number of participants involved in the virtual bowling game.

"They would like to see more people involved so they can get a bigger team so they can compete against each other not just practice," Crigier said. "Not only is it good exercise, but it's good mental exercise to make the game function."

Karen Gribb, who worked in the Grayling Senior Center's kitchen for the last three years, got involved with Wii bowling when she became an on-call employee in the fall.

"I enjoy the laughter, the camaraderie and getting together with the girls," Gribb said. "It's just fun getting together."

The Grayling Senior Center may have its own ringer on its Wii bowling team when they start competing against other senior citizens.

Barb McCray bowled a perfect 300 games at the senior center in mid-November. She said the highest she typically scores is 280.

"I'll never do it again," McCray said. "It's hard to do and then the pressure starts coming. I was delighted and it was really, really great. I never thought I would do that."

The Grayling seniors are planning on getting their own bowling uniforms and a name for the team. One name being considered is the "Crawford County Cuties."

McCray said that competing against other senior centers would add another dimension to the Wii bowling leagues established within the senior centers.

"That's when the competition gets really hot and heavy," McCray said. "We're looking forward to it."

Diane Biddle said she was also looks forward to being part of a traveling team.

"I enjoy being around friends and it's fun," Biddle said.

Biddle's sister, Virginia Clark, has Wii bowling experience with her grandson, Chandler Swiercz.

"My grandson and I do this endlessly," Clark said.

Clark, who hadn't bowled in awhile, joked that she was striving to best her sister and other senior peers at the senior center last week.

"I would like to beat the old bags," Clark said. Clark said Wii bowling, fishing and other sports are good for the old and young alike, as opposed to smaller handheld games that youngsters hold right up to their faces.

"I think it's a really great

game because it gets the kids moving," Clark said.

# Issues and Opinions

## Almanack

by Richard Milliman

# Wit and wisdom from 2009

ALTHOUGH 2009 for many folks was a rather bleak year, especially in Michigan, where we might like to forget all about those 12 months, faithful Almanack readers herewith are provided another opportunity to review some kernels of wit and wisdom which appeared in this column during the past year.

\* \* \*

**The Obama election:** Martin Luther King did not march alone. His actions and words inspired thousands of supporters, who forced the issue of racial harmony and burned it into America's conscience. Neither did Mr. Obama march alone in his quest for the White House, but like Dr. King, his actions and his words won him millions of followers who by their work, support and their voices delivered the prize he pursued. Barack Obama won the presidential election not because he is a black man, but despite his race, and that makes the event truly meaningful.

**Granholtz role:** Gov. Jennifer Granholtz's seven years in the executive office have spanned some of the worst economic years for the nation since the Great Depression, and certainly some of the worst economic times for

Michigan in the state's history. The near-collapse of the auto industry and loss of many thousands of jobs have created dire conditions for state and local governments in Michigan, unmatched in any state. The governor, as the state's leader may have failed to solve Michigan's problems, but not everything bad in Michigan is Jennifer Granholtz's fault.

**Postal system:** Six day mail delivery is a luxury without which most of us could do just fine, as long as it would be Saturday delivery that is lost. Our mail service in this country is outstanding compared with costs and services available in most countries. We should be thankful.

\* \* \*

**Court decisions:** I've always marveled at the number of split decisions handed down by appellate courts at every level, from the US supreme court on down. How can nine intelligent, experienced and knowledgeable justices hear the same arguments and read the same language, and still come up with so many divided decisions on the meaning of the words and their applications?

**Michigan, too:** In the Michigan supreme court, outcome of cases often depend on whether political

conservatives or liberals hold the majority of the seven state court seats at any particular time. Aren't the words of the laws the same? If so, how can the application of those words to an actual case be so different in the decisions of individual judges? The reasons, of course, are the political and social leanings of those wearing the robes.

**Electing judges:** Electing state supreme court justices, and other judges for that matter, lends itself to the sort of court system where justice sometimes seems to go to the highest bidder. The question is not only one of fairness; it also is a question of the appearance of fairness. Both are important for public confidence in our judicial system.

\* \* \*

**Budget history:** Over the years, the Michigan Public has helped paint state and local governments into a financial corner. Through our elected representatives and sometimes by the ballot box, we have demanded services, programs and benefits that eventually have stretched far beyond our means and our willingness to pay higher taxes to buy the expanded services. Unless the people are willing to lower our expectations from government, we must somehow come

up with the resources to pay the bills. The unhappy choice is a real one: Either pay higher taxes or receive fewer benefits.

**School funding:** Most legislators along with a very consistent and vocal governor have sworn that education is vital, our future is our kids. Yet public dollars for schools have been cut, and cut again. I shiver to think how K-12 education would fare if the decision makers in Lansing did not profess such love for our schools and our kids. What hypocrisy. To borrow a couple of phrases from the street vernacular: Why don't they put our money where their mouth is? Our political leaders should either start walking the walk or stop talking the talk.

**Term limits:** Problems for the system and for the public without term limits can be daunting. Senators and house members can delude themselves into thinking they are irreplaceable and that the position should be theirs without challenge. This proprietary attitude can lead to complacency, isolation from voters, improper self-vested interests, and a smugness which can become a trap for venality. No one should have a lifetime job in elective office. No one.

\* \* \*

**Elections:** To win nomination to public office in Michigan, candidates of both parties often must embrace extreme partisan or special interest views. Once nomination is secured, election often is determined not by extremists in either party, but by some combination or coalition of voters who will accept considerably more moderate views than the extremists in either party – who made the nominations – will support.

**Experience:** Mike Bouchard, Oakland county sheriff running for governor, points to his past service in the state legislature as a main reason he can make things better in Michigan. With much public disgust with the legislature these days, I'm not sure that's a good campaign tactic.

**Governor race:** Most of the potential governors running for the job could handle the work as governor, but there remains a serious question: Considering all the problems Michigan faces, why would anyone want the job? We're really lucky that so many talented people are willing to try.

## Viewpoint

By Crawford County Sheriff Kirk Wakefield

## Lifesaving tips for winter weather

With severe winter storms pounding most of the country, the Crawford County Sheriff's Office is advising residents living in regions susceptible to flooding to be vigilant in order to protect both life and property.

The best advice for the protection of life during severe winter weather is to stay inside and out of harm's way. Specifically, Sheriff Wakefield encourages citizens to: Be prepared to improvise and use what you have on hand to make it on your own for at least three days. While there are many things that might make you more comfortable, your priority should be plenty of fresh water, food,

prescription medicine and clean air.

Put together multiple disaster supply kits. One for your home should include everything needed to stay where you are and make it your own. Keep a smaller disaster supply kit in the trunk of each car. If you become stranded or not able to return home, having some items will help you to be more comfortable until help arrives. Keep items in airtight plastic bags. This will help protect them from damage or spoiling.

Gather basic emergency supplies a flashlight, a battery powered radio, extra batteries, extra blankets, a first aid kit, toilet articles, prescription medicines and

other special things your family may need.

While in your vehicle, try to steer clear of streams and washes, particularly during threatening conditions. Flood waters can rise quickly and carry you or your belongings away.

If you live in a flood prone area, and have been advised to a flood warning, evacuate immediately. Move quickly to higher ground. Save yourself, not your belongings. The most important thing is your safety.

Sheriff Wakefield hopes that by following these tips and exercising proper precautions, all residents of Crawford County will stay safe this winter.

Therefore, these dogs are not deserving of euthanasia and should be released to the owners as soon as possible."

## Letters to the Editor

### If it ain't broke, don't fix it

To the editor:

The light at Michigan and Maple was installed to handle traffic during reconstruction of the business loop. It wasn't there before that when our population, both residential and commercial, was larger.

Why do we all of a sudden need it now? More city expense, more driver irritation.

If the city council wants it there must be something in it for them (the management).

Sometimes we tend to lose sight of the obvious.

When everyone is at home there are only 13-14 thousand people in the county, and we have three layers of government, county, township, and city. There are whole towns with this population that don't have as many stop lights as we do.

And as they say, "If it ain't broke, don't fix it."

The log table above was once the centerpiece of the Edward E. Hartwick Memorial Building, that served as the park's visitor center from the 1930s until 1994, is now on display at the Forest Visitor Center.

## Landmark pine table back on exhibit at Hartwick Pines

What ever happened to the big log table? Since 1995, that has been a common question at Hartwick Pines State Park. The log table that was in the old memorial building for 60 years is back on exhibit after being in storage for nearly 15 years.

The 12 feet long and three feet wide log table is now in the Michigan Forest Visitor Center and makes a nice place where people may sit and quietly watch the birds at the feeders right outside the windows.

"Probably one of the most asked questions at the park is 'Where is the log table?'" said park historian Rob Burg. "We are planning for the celebration of the 75th anniversary of the park and at a meeting in November, one of our park rangers brought up the idea of putting the table on display as she and other staff get questions about the table's whereabouts all of the time."

"With an exhibit on the park's history set for the visitor center, we thought this would be a good time to have the table on display," said Burg.

The table was likely built by members of the Civilian Conservation Corps when they finished the interior of the memorial building in 1933-35.

The table was moved last

week in the snow. Because of its immense size and weight of approximately 500 pounds it took a fork lift, a trailer, and several people to move it out of a park storage building to the visitor center.

Before the table was put into storage in 1995, it was refinished and has been covered and protected during the entire time it was out of the public view.

"The original plan for the table was to keep it in storage until the memorial building was restored and re-opened and then move it back there," said Burg, "but with the uncertainty of the current economic conditions, the upcoming anniversary of the park presents the perfect time to bring the table back out."

"If people have missed the table or are curious what table we are talking about, then they are encouraged to come out to the park and stop by the Michigan Forest Visitor Center to see it in the lobby," said Burg.

For the upcoming "75 Years of Hartwick Pines" exhibit, the table will be part of the memorial building and early park history display.

If you have any questions about the table or about the events at Hartwick Pines, please contact Rob Burg at (989) 348-2537 or by email at [burg@michigan.gov](mailto:burg@michigan.gov).

# The Bible Speaks

## God's Word Witnesses

The question was asked in Romans 10:18: "18But I say, Have they not heard? Yes verily, their sound went into all the earth, and their words unto the ends of the world." We saw last week that the Jews received the witness of God's word in the natural revelation of creation. Psalm 19:1-6 explains this in detail. The Jews also received God's word in Holy Scriptures. As Romans 3:2 told us of this advantage of the Jews: "2Much every way: chiefly, because that unto them were committed the oracles of God." Psalm 19:7-8a remind us the Jews understood the special provision of God's special revelation at work. "The law of the LORD is perfect, converting the soul: the testimony of the LORD is sure, making wise the simple. 8 The statutes of the LORD are right, rejoicing the heart: the commandment of the LORD is pure, enlightening the eyes."

First, the Jews had been told that sinners were converted by God's word. "The law of the LORD is perfect, converting the soul..." "30As for God, his way is perfect: the word of the LORD is tried: he is a buckler to all those that trust in him." (Psalm 18:30). As Paul told Timothy in 1 Timothy 3:15-17: "15And

that from a child thou hast known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus. 16All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: 17That the man of God may be perfect, thoroughly furnished unto all good works."

Second, the Jews knew the sure testimony of God could make wise the simple. "The testimony of the LORD [is] sure, making wise the simple." "The works of his hands are verity and judgment; all his commandments are sure." (Psalm 111:7). "They were assured in Isaiah 28:16 that their coming Messiah would become their sure foundation: "16Therefore thus saith the Lord GOD, Behold, I lay in Zion for a foundation a stone, a tried stone, a precious corner stone, a sure foundation: he that believeth shall not make haste." Jesus claimed this title in Matthew 21:42, Mark 12:10, and Luke 20:17,18. Paul reminded the Jews they had stumbled and become offended at Him in Romans 9:33: "33As it is written, Behold, I lay in Zion a stumblingstone and rock of offence: and whosoever believeth on him shall not be ashamed."

Third, the Jews knew

"...The statutes of the LORD are right, rejoicing the heart." But the Jews did that which was right in their own eyes. (Judges 17:6). As Proverbs 14:12 said: "12There is a way which seemeth right unto a man, but the end thereof are the ways of death." Jeremiah said in 15:16: "16Thy words were found, and I did eat them; and thy word was unto me the joy and rejoicing of mine heart: for I am called by thy name, O LORD God of hosts." "11Thy testimonies have I taken as an heritage for ever: for they are the rejoicing of my heart." (Psalm 119:111). God's words teach us how to love what God loves and to hate what God hates in Psalm 119:128: "128Therefore I esteem all thy precepts concerning all things to be right; and I hate every false way." Romans 3:4 reminds us that God is true in all He says and every man who disagrees with Him is a liar. God's Holy word still saves, keeps, and satisfies.. Pastor "B"

## Ski team's overall numbers are up for 2010 season

by Caleb Casey  
Senior Staff Writer

This year's Grayling High School ski team – a group that has a larger roster than in recent seasons – has a mix of experienced competitors and skiers new to the sport.

The squad has 17 members in 2010 – 10 boys and seven girls.

"That's up from the past four to five years," Coach

Tim Gariglio said.

The Vikings were able to get some practice time on the slopes before winter break, during break, and this week. Team members have also been training at Schuss Mountain on Sundays.

Coach Gariglio said.

"They're all skiing pretty good," he said. "Ability wise, we have a mix of very good skiers and beginners. It will be nice to have those

numbers this year."

The team captains this year will be Matt Hilbrecht and Mike Olson (boys) and Ciara Summers and Katie Lange (girls). Three of the squad's 17 skiers are foreign exchange students.

Coach Gariglio said the program's goals this year are "for both teams to finish top three in the (Lake Michigan Conference) and then qualify for state – indi-

vidually or team wise."

The Vikings will open their 2010 season with a league meet at Nub's Nob on Thursday, Jan. 7.

## GMS Boys Basketball

8th grade "green" - Grayling Middle School's 8th grade boys basketball "green" team ended its sea-

son with a 24-22 victory at Traverse City St. Elizabeth, giving the Vikings a final record of 7-1.

"A fun finish to a successful season," Coach John Junttila said. "TC was our toughest test all year. They limited our fast break chances and made us work to get open looks. We fell behind 17-7 at halftime. Defensively the kids turned it up in the second half."

Richie Sanford hit a three-pointer off of an in-bounds play to tie the game at 21-21. TC hit a free throw, its only point of the fourth quarter, to take a

one-point lead. Nick Smock scored a jump shot with just over a minute to play, putting the Vikings ahead by one. A late free throw by Mitchell Thompson was the final point of the match.

"It was truly a team win as every steal, rebound, assist, and point mattered," Coach Junttila said.

Sanford (5), Lucas Walesky (5), Smock (4), Thompson (3), Tyler Summers (3), Sam Cousins (2), and Gage Albright (2) scored points for GMS.

On Monday, Dec. 7, the Vikings won 23-6 (in two quarters) vs. Elk Rapids.

Scorers for GMS: C.J. White (6), Summers (4), Sanford (4), Cousins (4), Thompson (3), Walesky (2).

"Elk Rapids requested we only go two quarters as they had several players absent due to illness. Our players made the most of

their limited floor time," Coach Junttila said.

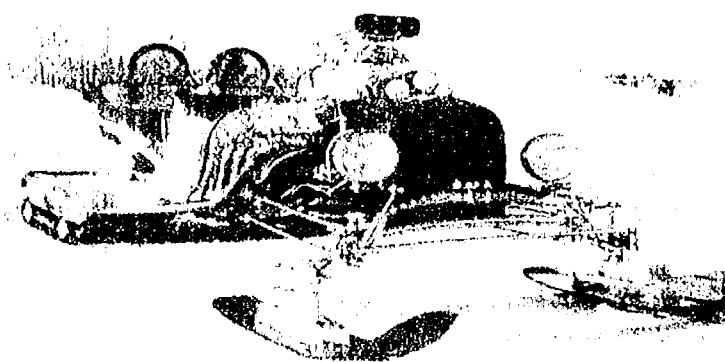

Grayling won 49-14 vs. West Branch on Dec. 3.

"This was the best game, offensively, of the season. In the first half we scored mostly in transition. In the second half we tried to slow it down and focus on our sets. Our post players did a nice job screening away for each other and our wings showed good patience waiting for cutters to get open," Coach Junttila said.

Scorers: Thompson (10), White (9), Albright (8), Cousins (6), Walesky (6), Summers (4), Smock (4), Sanford (2).

"On a squad of nine, seven players were either leading scorer or tied during the season. I've been impressed with the growth they have shown over the season. They are a good group of kids," Coach Junttila said.

# From the pages of the Crawford County Avalanche 2009: Year In Review

## Happy New Year!

With 2009 at an end, the Crawford County Avalanche presents its annual Year In Review.

The Year In Review includes article summaries from stories featured in 2009 Crawford County Avalanche editions.

Article summaries are listed according to the newspaper edition date in which the story appeared.

The 2009 Year In Review was published in two parts. This week's Crawford County Avalanche includes the months of July through December. The months of January through June were featured in last week's issue.

## July 02

The Grayling Charter Township Board is seeking input from residents on a proposed \$45 special tax assessment that would be charged to operate the township's transfer and recycling center. The special assessment would generate about \$161,000 per year.

Dennis Lund of Vasteras, Sweden graduated with Grayling High School's Class of 2009. His parents, Carina and Jan Lund, made it to Grayling for the special occasion. While in Grayling, Lund had stays with Gail and Rod Ney and Mike Shearer.

More than 175 people witnessed the dedication of a new Civilian Conservation Corps worker statue at the Hartwick Pines Logging Museum at Hartwick Pines State Park on Saturday, June 20. The dedication also helped mark the 90th birthday of the Michigan State Parks system.

Drawings completed by Josie Frudgeon and Ashley Vitale were combined for the kids T-shirt which will be sold for the 62nd annual Weyerhaeuser AuSable River Canoe Marathon.

## 09

A former Crawford County Sheriff's Deputy arrested for selling marijuana to a police informant was placed under house arrest rather than serving time in jail due to his medical conditions. 46th Circuit Court Judge Janet M. Allen placed William John Bonkowski III under house arrest for 30 days and gave him credit for two days previously served in jail.

The Scotland Scouts from Group #72nd Glasgow were in Grayling on Tuesday, June 30, while on a tour of North America.

AuSable Valley Animal Shelter in Grayling was recently recognized with two PAW Awards from Pet Friends Magazine. These first time animal welfare awards are based on the lowest percentage of euthanasias for cats and dogs in animal shelters in Northern Lower Michigan.

## 16

The Crawford County Board of Commissioners chose not to tangle with a proposed Mixed Martial Arts cage fight at the Crawford County Sports Complex. The board briefly discussed the proposal and did not take a vote on the issue.

A 26-year-old Grayling man was charged with five felony charges in Crawford County District Court related to an incident where pipe bombs were removed from a local motel room. George William Bielak Jr. was arraigned in Crawford County District Court.

Crawford County District Court Judge Monte J. Burnmeister slapped a Roscommon County man convicted of animal abuse with an additional 30 hours of community service in what should be the last chapter in the high profile case. Burnmeister ordered Lawrence Edward Baumgart, 48, to perform community service at the Roscommon County Animal Shelter. Baumgart was convicted of one count of animal abandonment/cruelty after a one day jury trial held in June 2007 for the abuse of a yellow Labrador named "Thor."

A casting call for dozens of actors who will portray Iraqi and Afghanistan citizens was held for the Michigan National Guard's annual training at Camp Grayling. Soldiers will undergo a variety of scenarios from a simulated IED explosion to fruit stands with Arabic speaking civilians peddling their goods, some shouting and singing to add a real world backdrop and confusions that soldiers encounter in deployed environments.

## 23

Citing a 100-year-old state law, a battle is brewing between City of Grayling and Crawford County Road Commission officials over the collection of a county-wide road millage

approved by voters last year. The funds city officials are seeking to obtain would be from taxes collected from city property owners for the road millage.

Andrew Triebold and Steve Lajoie, winners of last year's AuSable River Canoe Marathon, finished first in Sunday's Spike's Challenge C-2 event - a canoe race from the Old AuSable Fly Shop in Grayling to McMaisters Bridge.

Saturday's Spike's Challenge sprints for position event featured cold and rainy weather, but 71 paddling teams went through the course at the city park on Saturday, July 18, and the top sprint time was posted by the eventual C-2 race winners - Andrew Triebold and Steve Lajoie.

Steve Lajoie posted the best overall time - 0:42:33 - during Saturday's Spike's Challenge C-1 event - a race from Borchers AuSable Canoeing to Burton's Landing.

Hands were held, tears were shed and laps were logged at the Relay for Life of Crawford County despite chilly temperatures and rain. A record number of teams participated in the American Cancer Society's Relay for Life of Crawford County held at GHS.

Grayling Charter Township is moving forward with a two-fold plan to fund its trash transfer station and to help develop a long term county-wide recycling program. The township board agreed to have a \$45 special tax assessment levied on all improved properties in the township to fund trash collection and recycling.

The Rivertown Party Store, formerly Larry and Joan's Place, reopened on July 1 after being closed since last fall.

## 30

Ninety paddling teams - a new record - started the 62nd Weyerhaeuser AuSable River Canoe Marathon and 75 of them reached the finish line. Andrew Triebold, 33, of Spring Arbor, and Steve Lajoie, 33, of Marabel, Quebec, finished first with a final time of 14:17:42, winning the marathon for the second consecutive year. The field of 90 set a new participation record for the third consecutive year.

The top two teams during last week's AuSable River Canoe Marathon Time Trials also finished first and second in this year's marathon. Andrew Triebold and Steve Lajoie, the winners of this year's AuSable Marathon, also posted the best sprint time this year at Time Trials - 5:34.45. Steve Corlew and Matt Streib took second in both events, posting a sprint time of 5:35.61.

Threatening stormy weather did not dampen the spirits or record number of participants for the 2009 Black Bear Bicycle Tour. Before the day was over, 277 riders were treated to a windy, wild and wet struggle to keep up with the paddlers of the AuSable Canoe Marathon.

Camp Grayling is serving as a test site for the Mobile Encampment Waste to Electrical Power System (MEWEPS), which converts garbage into electricity used to provide energy for deployed troops.

## August 06

It was a day off for Charlie's County Corner sales associate Mary Jo Gingerick, but she still visited her co-workers sporting a fish-finned pink mohawk to celebrate their help in fighting the battle against cancer. Gingerick said she would get a pink mohawk if co-workers raised over \$3,000 for Relay for Life.

Vandals wrecked flower gardens at the home of Jackie and David Farmer, who live at 701 East Michigan Avenue. Flowers were cut off, pulled out of the ground and thrown on the sidewalks and in the Farmers' lawn.

Crawford County officials are studying plans to move District Health Department #10 and other county offices to the former Grayling Fish Hatchery building after voters pulled the plug on a proposal to relocate the senior center to the historic building.

## 20

The Crawford County Board of Commissioners agreed to upgrade in-car and hand-held radios used by the Crawford County Sheriff's Deputies that will allow communication throughout the county and the state.

Grayling city officials are studying plans that would allow ORV operators to get in and out of town from Crawford County's network of roads where ORVs are allowed to travel.

The State of Michigan has determined that all schools in the Crawford AuSable School District, where students take the MEAP test, are at the front of the class. Every public school in the state receives a report card grade from the Michigan Department of Education through its accreditation system.

Both teams scored two touchdowns, but Grayling's two two-point conversions ended up being the difference in a 16-12 varsity football victory vs. the visiting Roscommon Bucks.

## 10

Grayling Viking fans will be able to cheer on local student athletes in style after new bleachers are installed in the GHS gymnasium next month. The Crawford AuSable Board of Education recently approved a \$68,636 bid for the purchase and installation of bleachers for both sides on the main floor of the high school's gym.

## 17

Police and a Department of Corrections Emergency Response Team tracked down a Crawford County Jail inmate who had been on the loose for 28 hours after getting his teeth checked last week. The search for Timothy Wayne Round concluded with his capture at 6:30 p.m. on Wednesday, Sept. 9, at a hunting camp located in Maple Forest Township.

## NOTICE OF SHOW CAUSE HEARING AND JUDICIAL FORECLOSURE HEARING for NON-PAYMENT OF PROPERTY TAXES

On March 1, 2009, real estate with **unpaid 2007 and/or prior years property taxes** was forfeited to the Crawford County Treasurer pursuant to the General Property Tax Act, Public Act 206 of 1893, PA 206, MCL 211.1 to 211.157, as amended.

The Crawford County Treasurer is acting as the Foreclosing Governmental Unit in proceedings to foreclose on properties for unpaid 2007 and/or prior property taxes.

There are **two hearings** scheduled to finalize the foreclosure process. This publication is intended to provide additional notice to parties of interest in these parcels as to the nature, time, and location of these hearings.

**A Show Cause Hearing** is scheduled for 10:00 A.M. January 19, 2010 at the Office of the County Treasurer, Crawford County Building, 200 W. Michigan Ave., Grayling, MI 49738.  
Any person with an interest in the property forfeited to the County Treasurer may appear at the Show Cause Hearing and redeem the property or show cause why absolute title to that property should not vest in the Foreclosing Governmental Unit.

**A Judicial Foreclosure Hearing** is scheduled for 8:59 A.M. February 1, 2010 at the Crawford County Building, Circuit Court Room, 200 W. Michigan Ave., Grayling, MI 49738.  
At this hearing the Foreclosing Governmental unit shall ask that the court enter a judgment foreclosing property as requested in the petition for foreclosure. A person claiming an interest in a parcel of property set forth in the petition for foreclosure, who desires to contest that petition, **must file written objections** with the clerk of the 46th Circuit Court, and serve those objections on the Crawford County Treasurer as the Foreclosing Governmental Unit. The Docket number for the Petition is 09-7914-CZ.

If you are a person with an interest in property being foreclosed:

- You have the right to redeem this parcel from the foreclosure process by payment of all forfeited unpaid taxes, interest, penalties, and fees prior to the expiration of the redemption period. You should contact the Crawford County Treasurer for the amount required to redeem.
- You may lose your interest in the property as a result of the foreclosure proceeding.
- The title to the property shall vest absolutely in the Foreclosing Governmental Unit unless all forfeited unpaid delinquent taxes, interest, penalties and fees are paid by March 31, 2010.

### PLEASE NOTE:

The following list represents parties that appear to have title, lien, or other apparent rights to the parcels being foreclosed by the Foreclosing Governmental Unit.

**This notice is required to be given by law**, even if the party no longer claims or desires an interest if it appears they hold any **undischarged, apparent, or potential** title or lien right to the property listed.

A listing of a party or person does NOT necessarily indicate that they are the owner of a parcel, or that they are liable for the property taxes.

This list is NOT an offering of property for sale. These parcels are NOT being sold, auctioned, or otherwise made available by virtue of this notice.

There is **no procedure** for purchasing these parcels from the Foreclosing Governmental Unit at this point in the foreclosure proceedings. Those parcels that are foreclosed and not redeemed may become available at **public auction** after July of 2010. **These parcels remain the property of the current owner** until redemption rights have expired. **No party or person should make any attempt to inspect or enter upon these parcels** assuming them to be for sale. This may constitute trespassing and subject the offender to criminal prosecution. The street address of the parcels listed is based upon local records and is not guaranteed to be the actual location of the property.

The **amount due** listed indicates the balance which was due as of March 1, 2009. The **current amount** required to redeem **must be obtained from the Crawford County Treasurer**, as additional penalties, fees, and interest have accrued since forfeiture.
